FLEXI DOOR MINI CABINET

Keep your office free of clutter and store your items effectively with the Flexi Door Mini. This piece of office storage is well-sized with flexibility built-in with 2 adjustable height shelves. Whatever you use the Flexi Door Series for, you'll achieve maximum utility.

FEATURES

- Dimensions : 109cm (H) x 90cm (W) x 45cm (D) , this cabinet offers space-saving storage while maximizing utility.
- Thickness : 0.6mm & 0.7mm, constructed from durable materials
- Easy Access: Featuring a manual slide mechanism with a flexible backing material, this cabinet makes accessing your items effortless.
- Stability on Any Surface: Equipped with four adjustable feet that can be set to different heights, ensuring stability on uneven surfaces.
- Quality : The tambour door is made from Acrylonitrile Butadiene Styrene (ABS), combining durability with a sleek appearance
- Customizable Organization: The cabinet includes two height-adjustable shelves, allowing you to configure the interior to suit your storage needs.
- Secure Locking: Keep your contents safe with a key lock, complete with two keys for added security.
